

8. Student Learning Outcome #1

Please enter student learning outcome #1 for your program, department, or unit.

See examples in # 20 below.*

9. Student Learning Outcome #1

Describe how student learning outcome #1 will be measured. What is the desired level of success? (Describe the benchmark)? See examples in # 21 below.*

10. Student Learning Outcome #2

See examples in # 20 below.*

11. Student Learning Outcome #2

Describe how student learning outcome #2 will be measured. What is the desired level of success? (Describe the benchmark)? See examples in # 21 below.*

12. Student Learning Outcome #3

Please enter student learning outcome #3 for your program, department, or unit.

See examples in # 20 below.*

13. Measures for Student Learning Outcome #3

Describe how student learning outcome #3 will be measured. What is the desired level of success? See examples in # 21 below.*

20. Examples of Student Learning Outcomes

analyzing economic conditions and issues.

2) Students will deploy close textual analysis to create original interpretations of a variety of texts, including but not limited to literary texts, historical documents, and contemporary media, needs, and economic conditions, and financial literacy, including patients with special needs.

No Response Needed

21. Examples of Measures of Student Learning Outcomes

1) A condition for graduation for students are assessed using a standardized departmental rubric. The benchmark equivalent score of at least a B in each rubric dimension area.

2) Graduating English majors and minors are assessed using a portfolio that is scored using the department's portfolio scoring sheet. The benchmark for success is to have at least 75% of the total portfolio score in the "B" or "A" range.

3) General Dentistry Residents are assessed during training clinical sessions using the Advanced
